

SANCTION REQUEST FORM B

**FOR AN EVENT WITH OVER 1000 SPECTATORS
AND / OR AN EVENT WITH A PLANNED GO WHOA**

The chart below specifies what approvals are required for a sanction B request. Please tick the box that is relevant for your event.

NT DESCRIPTION	Lodge with DC	Insurer approval	DC approval	Your event
Go whoa any sanction request	yes	Yes	yes	
1000 – 2000 public no insurer approval	yes	yes	yes	
1000 – 2000 public insurer approval history with similar activities	yes	Not required	yes	
Above 2000 public attendance	yes	yes	yes	
An event with perceived <u>high risk</u> activities Refer note 1	yes	yes	yes	

Note 1: High risk is not easily definable but any event where there is use of a closed public road or public area and any driving event beyond a go whoa needs the event organizer to consider and structure a low risk environment. Examples of high risk activity could be air craft activity, engine blow up events and some motor events. Supply info in 'other details'

If your event is a significant undertaking please ensure you seek a sanction at the onset of any planning to ensure you are not out of pocket if a sanction for what ever reason is not granted or is granted with conditions.

Supporting information may be requested for an event that falls into the need for a form B sanction. For a go whoa a 'Risk Management Plan' is mandatory and for other events it is recommended. If your event has such a plan please attach a copy. Some additional event information if it is available is also requested below.

A detailed submission that specifies compliance with the "ASRF Compliance Rules for Go-Whoa Events" is required as an attachment to this sanction submission along with a layout of the site, its amenities and the proposed track in relation to the site. This includes a go whoa event on a closed public road.
