Incoming Correspondence

* The NCC phone hook-up was held on the 23rd of October.

The saga in relation to year change of 1978 which has gone back to 1966 is ongoing.

After much discussion and yet to be finalised, a referendum will be held in a few months to settle it once and for all.

You will receive 2 reminders in the up coming Street Rodders News issues.

The difference will be that every member will get a reply-paid envelope with a tab to vote.

If you don't reply and assume that if you don't vote, the status quo will stay the same.

This is not the case you will have to return your vote to be counted –only returned votes will count.

* Chrome fest -big crowd, lots of questions asked by people -2 NSRG books sold \$100.00.

*Mullins wheels has come on board and signed MOU for Albury Nationals 2021. They will sponsor 2 sets of wheels. The sets will be drawn on Sat and Sun. One set for each day will be given to the public. This is to encourage/attract more paying public through the gate.

*The rent for the DC meeting held at the Drag-Ens has been paid for the next 12 months –thank you to the Dragens for having us back again.

*The H/O Quarterly financials have been finalised

*The Shannon's MOU update has been finalised

*Dave has been corresponding with Veronika Larkin from Quest Apartments in Albury. A package has now been put together offering discount rates for members for the Albury 2021 Nationals.

NSW STREET ROD COMMITTEE REPORT November 2019

RMS

A Meeting was held with the RMS regarding the NSW Supplement to National Street Rod Guidelines on 25/10/19. We covered about 50% of the items and another meeting is to be scheduled. This meeting went reasonably well with Darren Abela and Myself. Also present were Tony O'Donnell, John McClelland and Ian Davis.

Rego

Registrations for Street Rod Rego are progressing well with a few inspections taking place.

All is Good

Regards

Troy Fewings

A.C.M.C. (Australian Confederations Motor Clubs) Report: Tony O'Donnell

Not much to come out of the couple of RMS meetings of the last couple of weeks.

The meeting on the 24th was all about the NSW Supplement for NSRG and, unsurprisingly, we didn't get through all of the agenda because some discussion was bogged down on detail.

The RMS had one new guy in the meeting who seems to be catching up with some things.

The Brake Assessment Manual review was parked to one side pending a meeting later this month (20/11/2019).

Some other discussion points will come up when we get to that part of the agenda, probably toward the end of this month.

The other meeting on the 30th was purely concerned with conditional registration and there was nothing discussed which would affect hot rods
